The debate on the resolution was very active owing to the informal nature of the meeting. At times it looked as though everybody wanted to speak at oncesome to say that the question ought to be let alone, some to prefer one form of expression and some another. At last they got the thing that satisfied almost everybody, and that was the end of it.

To-night there is general congratulation over the day's work. The general judgment is that the interest, good feeling and carnestness displayed has never been exceeded in any Republican gathering in the State, and that allogether it gives members of the Legislature of recent ses-sions in favoring the submission of such amendment to the voters of the State, we hereby declare that we are in favor of such submission, and earnestly recom-mend that Republican Congressional, Senatorial and Legislative Conventions treopports in their respective, pulsforms incorporate in their respective platforms a resolution to this effect, and nominate candidates for the Legislature who, if elected, will vote in favor of such sub

Fielden was speaking. The witness saw some one leave the wagon and start toward the alley, where four or five persons were con-versing. The witness was at the mouth of the alley. At that moment some one cried: "Here come the polica." Then the man who had left the wagon and joined the parties in the alley lit a match, and placing it against something held in the hand of one of the others, a fuse began to sizzle and immediately thereafter the bomb was thrown. this conference could not act by authority, could not bind anybody, but it was thought sufficiently important in its character to speak with some weight.

The resolution to submit the amendment was asked for by many not in favor of prohibition, but who believe that the people ought to be heard and ought to be allowed the chance to express themselves at the polls. In answer to a question he prophesied that the next election would show a revolution in favor of the Republican ticket. The county would give a solid Republican legislative ticket.

Prof. Clifford of Berkeley, declined in favor of J. S. Fitzer representative of the Sherman Invincible club. Mr. Fitzer thought 'it was time to stop temporizing on the question of prohibition. His club had instructed him to favor submission. The prospects were good for the election of the whole county ticket.

Mr. Curtis, of Brooke, said the prospects were bright in his county for Republican success throughout. Every last single Republican yeter would come out. [Cheere.]

Mr. A. G. Dayton of Barbour county

Mr. Archer, of Brooke, considered the labor question, the tariff and submission of a prohibition amendment were the vital issues. He thought the party should pledge lasel to submission. The question is looming up and cannot be dodged. New is the time to make a bold stroke. The wool interest in his locality made the tariff question a vital one, and he referred to the advance in the price of wool following the defeat of the Morrison bill.

Mr. Thompson, of Fayette, spoke of his corner of the State as the "Democratic Rebel corner." Fayette favors submission of a rrohibition amendment.

W. T. Wyant, of Gilmer, spoke encouragingly. He favored submission.

O. S. Marshall and John A. Campbell, of Hancock, spoke elequently and hopefully of the prospects for an increased majority. Mr. Marshall favored submitting prohibition to a vote; this was the pople's right.

He said the Federal ring" at Washington and the State House gang" at Charleston hated each other, and either would prefer to

each other, and either would prefer to have the Republicans win than the other faction. The Republicans of Kanawha in-tend to win—to elect three men who would vote for a Republican United States Senator. He made a speech which kept the meeting laughing and applauding. S. A. Mr. Staggers opposed submission and said had this resolution been adopted four years ago Gen. Goff would not to-day be in Congress.

He admitted that his county favored pro-hibition, or at least submission.

Capt. Criswell, of Moundaville, opposed prohibition, though he expressed a desire to burn down all the distilleries in the

land.

Mr. Cowden moved that a vote be taken at this juncture, in order that many delegates who were compelled to leave might have the privilege of a vote and might know the result before their departure.

This was expected by several. This was opposed by several.

Finally Mr. Hutchinson moved to recommit the whole matter to the State Central Committee, with the conferees from the various counties appointed on this occasion. Mr. Arthur Sinsel, of Grafton, said the Central Committee called this conference Central Committee called this conference to secure advice as to the best way to carry the State, increase majorities in Republican counties, decrease them in Democratic counties and carry the doubtful ones.
